

Ashish Mehta

MERN Stack Developer | Frontend Developer | React Developer | Backend Developer | Full Stack Developer

Ashishmehtataj6@gmail.com | +918103701398 | Mandsaur, India | [linkedin.com](#) | [github.com](#) | [Portfolio](#)

SUMMARY

Results-driven **MERN Stack Developer** with hands-on experience building responsive full-stack web applications using **React.js, Node.js, Express.js, MongoDB, Mongoose, MongoDB Atlas, and JavaScript (ES6+)**. Proficient in **RESTful APIs, JWT Authentication, CRUD Operations, API Integration, Responsive Web Design, Tailwind CSS, Git/GitHub**, and deploying applications on **Vercel, Netlify, and Render**. Passionate about developing scalable, secure, and user-centric applications while writing clean, maintainable code and continuously learning modern web technologies

SKILLS

Languages: JavaScript (ES6+), C, C++, Java (Basic), Python (Basic)

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, DaisyUI, Responsive Web Design

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, CRUD Operations, MongoDB, MongoDB Atlas, Mongoose

Tools: Git (Version Control), GitHub, Axios, Fetch API, Postman, Cypress (Testing), Vercel, Netlify, Render

PROJECTS

BookNest | Full-Stack MERN Bookstore, React.js | Node.js | Express.js | MongoDB | Tailwind CSS | Axios | bcrypt.js

- Developed a responsive MERN Bookstore with JWT authentication and dynamic book listing.
- Built RESTful APIs using Express.js and MongoDB for retrieving book data and managing user authentication.
- Implemented Protected Routes, bcrypt.js, and React Context API for secure user authentication.
- Designed a responsive user interface using React.js, Tailwind CSS, DaisyUI, Axios, and React Router.
- Deployed the application on Vercel and Render using Git and GitHub for version control.

AI Voice Assistant, React.js | JavaScript | Web Speech API | Google Gemini AI API

- Developed an AI Voice Assistant using React.js, Google Gemini AI API, and Web Speech API.
- Implemented speech recognition and speech synthesis for real-time voice interaction.
- Built voice commands to open websites, search Wikipedia, and retrieve battery, date, and time information.
- Integrated React Context API for efficient state management and AI response handling.
- Deployed the application on Vercel using Git, GitHub, and modern deployment workflows.

Live : <https://virtual-ai-red.vercel.app/> 

Food Recipe Finder, React.js | JavaScript | React Router DOM | Axios | TheMealDB REST API

- Developed a responsive Food Recipe Finder using React.js to search meals and view detailed recipes.
- Integrated TheMealDB REST API to fetch real-time meal data, images, and cooking instructions.
- Implemented client-side routing using React Router DOM for seamless page navigation.
- Managed asynchronous API requests using Axios and Fetch API with proper error handling.
- Deployed the application on Vercel using Git and GitHub for version control.

PROFESSIONAL EXPERIENCE

Java Programming Tutor, Inditechfied 

September 2022 – November 2022 | Moradabad, India

- Delivered Java programming fundamentals, including variables, loops, functions, arrays, and object-oriented programming.
- Explained OOP concepts and core programming principles through structured learning sessions.
- Guided students in problem-solving, debugging, and coding best practices to strengthen programming skills.

EDUCATION

Bachelor of Engineering(CSE)  , University Institute of Technology(BUIT)

May 2025 | Bhopal, India
